Subject: Acuity 504 Management System

MSB Community Email | April 11, 2014

MSB™ and Drummond Woodsum are pleased to announce that MSB's Acuity 504 system will soon be available to ME school districts. For those districts that purchase Drummond Woodsum's 504 Management System for Schools, MSB™ can offer the district secure access to Acuity 504 where student data and forms are managed and archived and available to those district staff that work with 504 students.

Our plan is to begin providing "demos" to interested districts in the summer. From there, we can coordinate the timing of implementation with your district. Should you have questions or wish to discuss the costs of Acuity 504 or to schedule a demo for later this year, please feel free to contact [Steve Courter](#).

Please feel free to forward this information to those responsible for 504 in your district, or pass their information along to [Steve Courter](#).

For more information about purchasing or renewing Drummond Woodsum's 504 Management System for Schools in your district, [click here](#) .
