

## Section 65 Cover Page

### ***Purpose:***

The **MSB™ Suggested ITP Template** is structured in a manner that we believe addresses all policy requirements of an ITP for Section 65, and includes all elements needed for a KEPRO Prior Authorization (PA) or Continued Stay Review (CSR). Our objective for providing the ITP template is to capture, on a single document, all information from the clinician for both an ITP and PA request, which will enable a district administrator to submit the request through KEPRO. The **MSB Mapping Document** shows administrators what information from the ITP template goes into the specific windows of KEPRO Care Connection.

If your clinician desires to continue using his/her own ITP, please ensure the following **KEPRO required boxes** on the template be filled out to obtain a PA or CSR through KEPRO. If your district chooses to use the ITP developed by your clinician as well as have the clinician handle the KEPRO requests, the mapping document is not needed as its main purpose is to enable a district administrator to handle the KEPRO request. Recall, however, that the ITP developed by your practitioner must contain all the elements mandated by policy.

### ***KEPRO required boxes:***

- 1-6, 8, 10, 12-14
- 15-34 (with any additional goals/objectives added as well)
- 38
- 42-49
- 52, 55, 58 (as appropriate)
