MSB New Hampshire Community Email | April 14, 2014

We are very pleased to announce that MSB and Interim HealthCare have joined forces to help you, our valued customer, maximize the Medicaid reimbursement for IEP-ordered, health related services in your district.

As New Hampshire's largest provider of school-based nursing services, Interim HealthCare clinicians care for medically fragile children in schools across the state. Many of these districts count on MSB to achieve full Medicaid reimbursement for their students' IEP-ordered, health related services.

Together, using MSB's industry leading, Lumea™ software system, Interim HealthCare and MSB now make the process of collecting and submitting health related service claims documentation easier and more efficient than ever.

Here is what you can expect when you work with Interim HealthCare and MSB:

- Improved documentation that is both timely and accurate
- Better tracking and accountability between all involved parties
- Increased reimbursement

With Interim HealthCare and MSB, you can be sure that nursing notes and therapy records will be maintained like never before!

Our respective leadership is committed to ensuring Interim HealthCare's smooth integration to the Lumea™ system. In fact, there is no action required on the part of your district for this transition. Interim HealthCare and MSB will handle all the details.

For additional questions or concerns, please contact Steve Courter (for MSB) at 603-692-1212 or scourter@msb-services.com or Mark Petersen (for Interim HealthCare) at 603-880-4412 or mpetersen@interimhealthcare.com.
