**MSB™ New Hampshire Community Email | June 12, 2014**

In our continued efforts to provide clear and compliant language within Lumea™, we will be retiring some Service Provider Types, adding more clearly defined Service Provider Types, and adding clarifying language to others. Because of these changes there may need to be some action taken on your part.

Any providers with a Service Provider Type listed in the "Retiring" column below, will need to be reassigned to the most appropriate type. Service Provider Types can be assigned under User Management > User Details. Select the Edit/View link to the left of the Service Provider's name, then select the Types tab. Select the appropriate Provider Type in the State Approved Service Provider Types list for the user and click "Save".
