Subject: Exclusions

MSB Community Email | November 6, 2013

MSB™ has recently added a [webpage](#) that provides information concerning the US Department of Health and Human Services Office of Inspector General (OIG) Exclusions List (LEIE). We are offering support to districts in terms of helping them check their practitioners against this website. It is very important that school districts consider whether or not to employ or contract with practitioners who have been excluded from the Medicaid program by the OIG.

If your district has not yet signed an agreement with MSB™ that includes our LEIE match support, please contact us so we can update your agreement and begin the process with you.

Should your administrative team, board or counsel need more information regarding the district's responsibilities with respect to the LEIE, please do not hesitate to contact MSB™ today!

Give [Steve Courter](#) or [Dan Courter](#) a call today for more information and to find out how we can help!
